DINOSAUR SOUP CALL FOR SUBMISSIONS 2008

Here's what we need:

Simply ask the child to write down (or just tell you!) how to make his or her favorite dish. Do not correct them in any way, but you could ask them for clarification on cooking time, temperature, or ingredients. Here is an example from Marisa, aged four:

BROWNIES

Chocolate

You have to pour chocolate in a bowl
and then when you do that you cook it.
And when you take it out its ready and its good.

Please submit the recipe by e mail to recipes@bobsyouruncle.com.
Do not forget to include the child's name and age, along with your name and mailing address. If you prefer you may use the form on the next page and send in by regular mail to:

By the way, we will be designing the book so the submission needn't be in the child's hand, just authentically written or recited by them. All submissions will receive a copy of the book (due out in 2008) whether they are included in the final design or not. Those that are selected will also receive a special prize. Please forward this to any family or friends who have children in this age range that you think might be willing to get involved.
